# eZee Technosys

Technology Pioneers for the Hospitality Industry

eZee Technosys is a leading software solution provider for the hospitality industry. Our full range of hospitality industry suites have made their mark and are placed in the top calibre of IT solutions currently available for the hospitality industry.

In a few short years since inception in 2005, eZee has grown to become a leading provider of enterprise class software solutions for hotels, motels, resorts, clubs and similar other establishments. Our flagship Hospitality IT Solutions is today the preferred choice across 87 Countries. With a strong network of retailers and customer contact centres spread across the world, eZee is pioneering technological innovations for hospitality.

Our client list consists of hotels across all segments, right from luxury to economy, and full service to bed and breakfast. Our other offerings such as eZee BurrP!, eZee Reservation, eZee Centrix and eZee Foodie provide IT solutions that cover every possible application for the hotel and hospitality industry. Each of these solutions is on its way to becoming a leader in its particular segment.

At eZee Technosys, we firmly believe in just one vision – when it comes to hospitality IT solutions, you can count on us to be the first and the last word!
